Celebrating the Spirit of Sports

Sports Day is not merely a date on the school calendar; it is an intentional expression of our belief in the holistic development of children. We organized this event because we see sports as a powerful medium to bring liveliness, enthusiasm, and a sense of purpose into the everyday lives of our students. Beyond physical fitness, sports create spaces where energy finds direction and effort finds meaning.

This year's Sports Day was designed not only as a day of races and celebrations, but as a meaningful learning experience where students were entrusted with real responsibilities. From planning and arranging resources to supporting on-ground operations, anchoring the program, and working closely with teachers and officials, children actively participated in organizing and managing the event. By being involved at every important stage, they experienced ownership, teamwork, and leadership in action, making Sports Day a lived lesson in learning beyond the classroom.

The Journey before the day

"This Sports Day became a living example of student partnership—where responsibility, leadership, and learning went hand in hand"

Preparations for Sports Day began in mid-November, with students and teachers dedicating time consistently to plan and practice for the event while continuing regular academic classes and preparing for the upcoming formative assessments. This balance helped students learn discipline, time management, and commitment.

Practice sessions were conducted grade-wise, with students gradually taking on leadership roles and responsibilities. Teachers and staff supported the process through coaching, mentoring, and coordinated planning.

The creative and decoration team, led by **Anchal and Kankika Ma'am**, worked closely with students to create an environment of joy and celebration on the ground. The school choir team prepared the **Saraswati Vandana** for the inaugural ceremony, setting the tone for the day. Students and support staff together managed ground readiness, including parade practice, field marking, and equipment checks, ensuring the venue was fully prepared for the event.

The Big Day

Event Highlights

The Sports Day opened on a vibrant and dignified note with the ceremonial lamp lighting, followed by the soulful Saraswati Vandana presented by the school choir. A disciplined march-past reflected unity, coordination, and weeks of dedicated practice, while the dumbbell PT performance showcased strength, synchronization, and teamwork. Adding color and excitement to the morning, our tiny tots lit up the field with an energetic pom-pom action dance, instantly filling the ground with enthusiasm and cheerful applause.

The track soon came alive with a series of well-organized competitions, including sprints, and a range of fun races such as chair races, sack races, and obstacle races.

Events were planned age-wise and category-wise to ensure inclusive participation and joyful engagement for all students. Each race witnessed determined efforts, cheerful encouragement, and moments of healthy competition.

Throughout the day, the energy on the field was unmistakable. Students cheered passionately for their houses, creating an atmosphere filled with excitement and team spirit. Loud applause, rhythmic chants, and supportive gestures reflected true sportsmanship, where effort was celebrated as much as victory.

Team Work Behind the Scenes

The entire program was confidently anchored by our student anchors, who guided the audience seamlessly through each segment. Working closely with teachers, students also provided on-ground operational support, managing transitions, assisting participants, and ensuring the smooth flow of events. Their coordination ensured that the opening ceremony transitioned effortlessly into a series of well-organized races, setting the pace for a day filled with energy, participation, and sportsmanship.

Behind this seamless execution was the dedicated effort of the Creative and Decoration Team, who brought the event theme to life through thoughtfully designed decorations, banners, and displays. Their work transformed the venue into a vibrant, celebratory space that enhanced the overall experience for participants and spectators alike.

The **Logistics and Operations Team comprising the students and teachers** played a crucial role in scheduling events, managing time effectively, setting up and maintaining equipment, and ensuring proper ground management throughout the day. Their attention to detail kept the event running smoothly and on schedule.

Equally important were the **referees**, whose fair judgement and rule enforcement upheld the spirit of sportsmanship and ensured the smooth conduct of all competitions. The **safety and medical support team** remained alert and prepared with first-aid arrangements and student well-being measures, providing a safe and secure environment for all participants.

Moments to Remember

Month of December at a Glance

Morning Assembly

December mornings began with structured assemblies followed by PT sessions that focused on physical fitness, coordination, and discipline. These sessions helped students build stamina, and set a positive tone for the academic day.

Learning Beyond Four Walls

Sunlight, Space, and Learning

Classrooms extended into open spaces as teachers strategically utilized fresh air and natural light to enhance engagement and focus. These sessions allowed children to experience learning in a relaxed, refreshing environment, supporting both physical well-being and mental alertness.

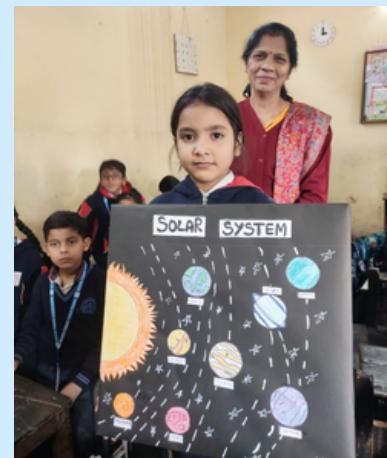

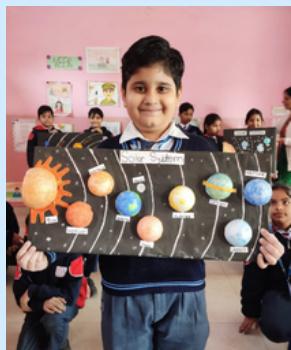

Art Classes

Creativity as a Medium of Expression

Art classes were conducted to nurture creativity and imagination while bringing variety into the learning process. Through drawing, coloring, and craft activities, students expressed ideas visually and strengthened their observational and fine motor skills.

Learning by Doing: Science Models & Displays

Concepts that Come Alive

To reinforce classroom learning, students created models and displays related to their science topics. This hands-on approach encouraged inquiry, problem-solving, and deeper conceptual understanding, transforming abstract ideas into tangible learning experiences.

Strengthening Spoken English Skills

Confidence Through Communication

Our consistent efforts to enhance spoken English continued through carefully designed teaching-learning materials and student presentations. These activities provided structured opportunities for children to practice pronunciation, sentence formation, and public speaking in a supportive environment.

Bhartiya Bhasha Utsav 2025: Celebrating Linguistic Diversity

Many Languages, One Nation

Our tiny tots enthusiastically participated in Bhartiya Bhasha Utsav 2025, celebrating India's rich linguistic heritage. Through recitations and expressions in different Indian languages, children developed cultural awareness and pride in India's diverse traditions.

Formative Assessment – A Step Towards Academic Reflection

Assessing Progress Before the Winter Break

Students are attempting their final formative assessment of the academic year in December. This assessment will provide valuable insights into learning outcomes and helped teachers plan targeted academic support.
